SET AT NOUGHT PUBLIC OPINION.

From the Indiana Journal of August 4, 1838. I have read the editorial article in the Indiana Journal of the 28th, under the head of "Gen. Robert Hanna," and find that so much of it as relates to a conversation held by the General and myself on the morning of the annual election in the year 1836 on the subject of the U. S. Senator, is correct, with the exception that it took place near Brown's tavern instead of on the Court House yard. I used, but that Gen. Hanna expressly said that he would vote for Gov. Noble if Gen. Harrison should receive the vote of this county. JOHN BELLES. Signed August 1, 1838.

I have read the statement in the Indiana Journal of the 28th, in relation to Gen. R. Hanna, and find that so much of it as purports to give a conversation held by the General and myself on the morning of the August election, in 1836 on the subject of U. S. Senator, is correct. He did at the time referred to, positively pledge himself to vote for Gov. Noble. I further asked the General if he did not believe there was a majority in this county in favor of Noble for Senator, and he said he did so believe.

Signed August 2, 1838.
